He would also state that he is prepared to treat chronic diseases, such as the various forms of *Nervalgia*, *Sciophila*, and *Enlarged Spleen*, on a new plan, which has proven successful in an eminent degree.

FARRELL'S
FEVER AND AGUE DROPS.
THESE DROPS are a certain, quick, and permanent Cure for Fever and Ague. It is certainly a matter of the greatest importance to obtain a Medicine which can be relied upon in the Cure of that distressing Disease, called the Fever and Ague.

A Medicine, bearing the above name, is now offered to the public, as a safe and certain Cure for that Disease, in all its various forms—this confidence has been produced by experience in more than one thousand cases.

It is composed of articles well calculated to restore harmony of action between the Stomach, Liver, and other important organs; the loss of which is evidently the immediate cause of the Disease.

It speedily promotes a healthy and regular appetite, which affords vigor and strength to the whole system.

It also, by improving the Digestive Organs can be used successfully in Dyspepsia, Depraved Appetite, Night Sweats, Dysentery, &c. &c. But it is in the cure of the Fever and Ague, that its superior qualities are most abundantly displayed, and by all who have used it, is pronounced sovereign to all other remedies. It has positively never been known to fail in a single instance.

Hundreds of certificates might be adduced here in testimony of its efficacy: we have only finally to say, that all who use two bottles of this Medicine (although in most cases one will answer), according to directions, and do not realize a Cure, will have their money refunded. Price \$1 per bottle.

Manufactured and sold by the gross, dozen, or single bottle, by Farrell & Lippincott, Druggists, Peoria, Illinois, and for sale at the Drug Store of G. L. THOMPSON & Co. 4—3m.

Hay's Liniment.
NO FICTION.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant Solomon Hays the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly, for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:

For Dropsy.—Creating extraordinary absorption at once.
All swellings.—Reducing them in a few hours.
Rheumatism.—Acute or Chronic, giving quick ease.
Sore Throat.—By cancers, ulcers or colds.
Croup and Whooping Cough.—Externally, and over the chest.
All bruises, sprains and burns, curing in a few hours.
Sore and Ulcers.—Whether fresh or long standing, and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond description.—The common remark of those who have used it in the Piles, is "it acts like a charm."

For sale by D. Dewey, Apothecary's Hall, and S. Sawyer, Dearborn street Chicago.

LOOKOUT FOR IMPOSITION.
A base attempt has been made to imitate Hay's Liniment, and infringe upon the copy and other rights of the proprietors. Never buy Hay's Liniment unless it has a splendid engraved wrapper, and the written, mind written signature of COMSTOCK & Co.

All others must be impostors. Any person vending any other article, by the name of Hay's Liniment, either at wholesale or retail, will be prosecuted for a violation of our copy right. The oath of Mr. Hays may be found copied on our inside wrapper, swearing that no other person knows any of the component or essential parts of this Liniment—and that he will not reveal the secret for twenty years.

U. S. District Court of the State of New York. Office of the Clerk for the Southern District of New York.
This is to certify that the Copy Rights for the wrappers, and for the descriptions, and directions to use, Hay's Liniment, were secured in this office in the year 1838, by Comstock & Co. and have not been obtained by any other person since that date or before.

Oldridge's Balm of Columbia.
THE HUMAN HAIR.—Where the hair is observed to be growing thin, nothing can be more preposterous than the use of oils, grease, or any fatty matter. Their application can only be recommended through the grossest ignorance, as they hasten the fall of the hair, by increasing the relaxation of the skin. When there is a harsh, dry, or contracted skin, and where the small blood vessels which carry nourishment to the bulb are obstructed, then the oils, &c., may be good, as they tend to relax the skin; but alone, they are of no avail. There must be a stimulus, to rouse the vessels from their torpor, and quicken the current of the blood.—Extract from *Cirrhugh's Treatise on the hair*.
The Balm of Columbia is the only preparation that can have that effect, being entirely free from any oily substance. Its positive qualities are as follows:
1st—For infants, keeping the head free from scurf, and causing a luxuriant growth of hair.
2d—For ladies after child-birth, restoring the skin to its natural strength and firmness, and preventing the falling out of the hair.
3d—For any person recovering from any debility the same effect is produced.
4th—If used in infancy till a good growth is started, it may be preserved by attention to the latest period of life.
5th—It frees the head from dandruff, strengthens the roots, imparts health and vigour to the circulation, and prevents the hair from changing colour or getting gray.
6th—It causes the hair to curl beautifully when done up in it over night.
7th—No ladies' toilet should ever be made without it.
8th—Children who have by any means contracted vermin in the head, are immediately and perfectly cured of them by its use. It is infallible.

A CASE IN POINT.—I had unfortunately lost nearly all the hair from the top of my head, when I commenced the use of the Balm of Columbia, and have, by the use of two bottles, had my head covered with a fine growth of hair. There can be no mistake in the matter, as any of my friends can see by calling on me. I had also become quite gray, but had the gray hairs plucked out, and it has grown in, as the Balm says, of the natural colour. If any body doubts these facts, let them call upon me and see. I bought the Balm of Comstock & Co., 2 Fletcher street.

No. 19 Coenties Slip, Agent of Detroit Line, New-York, Nov. 9.

THE LATE MAYOR of Philadelphia has certified under seal of the city to the character of several divines, physicians, and gentlemen of high standing who declare positively under their own hands (all of which may be seen at the Office) that the Balm of Columbia is not only a certain cure for the hair, but positively a restorative of the human hair; also, a cure for Dandruff. Who all disprove, or who go bald!

TO THE INCREDULOUS.—New-York, September 28th.—I have been entirely bald during 13 years, and I have now, by the use of the genuine Balm of Columbia, my head covered with fine hair. I shall be happy to convince the most incredulous, who will take the trouble to call at my house. I have bought the article of Comstock & Co., 2 Fletcher street.

J. P. SCHMIDLING, 47, Attorney st.

A young gentleman of 388 South Market street, Albany, had very coarse, stiff, and straight hair, all of which he lost by its falling out. He has used 2 bottles of Balm of Columbia from Comstock & Co., and now has a full flowing crop of very long, fine hair, which curls most beautifully! His father, who is one of the most respectable citizens of that city, is referred to for the fact.

Mr. Lewis Millard, of Butternuts, Otsego county, had lost his hair, and had it fully restored by 2 bottles of the Balm. In fact the cures are so numerous that it is quite out of the question to refer to one in a hundred of those who have experienced the like effects.

BEWARE!!—Some counterfeiters have attempted to imitate this article. Let it never be purchased or used unless it have the name of L. S. Comstock on a splendid wrapper. This is the only external test that will secure the public from deception.

For sale by M. E. HOLLISTER. Ottawa, May 23d, 1840. 1—tf.
